VENUE **RENTAL** FOR EVENTS

The Palace of the Grand Dukes of Lithuania is an exceptional venue for prestigious events in the heart of Vilnius. Built above some of Lithuania's oldest masonry dating back to the 13th century, as well as later Gothic and Renaissance structures, the modern museum welcomes your important and memorable events. Our team will help ensure that guests, participants and organisers remember the event fondly for a long time.

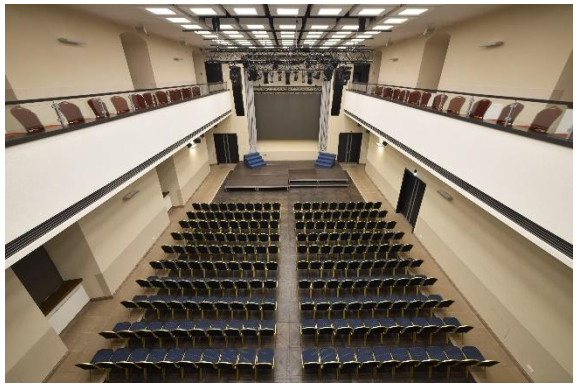

For your events, we offer more than 15 exceptional indoor venues in a historic setting, an impressive courtyard and an outdoor area by the Museum's southern façade. On request, we can arrange rental of sound, lighting and video equipment, platforms and musical instruments.

IMPORTANT!

- The prices apply starting on January 1, 2027.
- When renting more than one venue, all additional venues are offered at a 50% discount. The venue with the highest rental rate is considered the main venue.
- Rental of any venue includes free use of access corridors leading to it, excluding the separately listed rental spaces.
- Cloakrooms, toilets, electricity and other utilities are provided free of charge only for indoor events.
- Venues are available for rent from 8:00 a.m. to 10:00 p.m. (extendable until 11:00 p.m. for an additional EUR 300).
- The lessee may use three dressing rooms above the Events Hall and/or the Meeting Room on the fourth floor as backstage facilities free of charge.
- Sound, lighting and video equipment is rented separately. Additional charges may apply for power connections (EUR 100 each) and a dedicated internet line (EUR 100).
- Additional support staff (except cloakroom staff) are not included in the rental price.
- Set-up and clean-up outside the agreed time are charged at EUR 100 per hour (billing starts after 15 minutes). Extra time is limited to two hours before and two hours after the agreed period.
- If an event or clean-up runs late, a late fee of EUR 500 per overdue hour applies in either case (billing starts after 15 minutes).
- Please note that, due to the Museum's technical limitations, performances by symphony orchestras or similarly large ensembles cannot be accommodated.
- If a reception or other catering is planned during exhibition opening hours, the catering area must be visually and physically separated from Museum visitors.
